

**REMARKS / ARGUMENTS**

This is in response to the examiner's action mailed September 29, 2005.

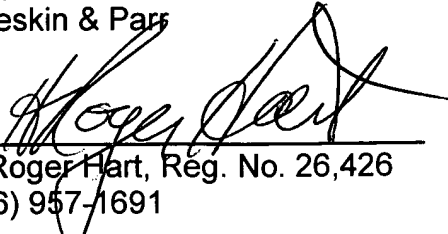

In response to the examiner's requirement for election/restriction, applicant elects to proceed with claims 13 through 34 which comprise the examiner's group II. This election is made without traverse.

Claim 13 as originally presented defined the reinforcing net referred to therein in terms of the language of claim 1. As a consequence of the election/restriction, claim 13 has been amended to include the language defining the reinforcing net originally presented in claim 1 as an explicit part of amended claim 13.

On reviewing the claims on file, it is noted that claim 22 was improperly dependent from claim 10. This discrepancy has been altered to claim 13.

No other issues were raised in the examiner's correspondence and it is believed that the application is now in condition for detailed examination.

Respectfully submitted,
